

How to prove Gilpin County residency at the Gilpin County Transfer Station & Slash Site:

A current Gilpin County Resident window sticker, affixed to the driver's side of the windshield of the vehicle, is the preferred method to prove residency in Gilpin County at the trash transfer station and slash site. Window stickers are mailed with your vehicle registrations, or can be picked up at the Clerk and Recorder's office in the Gilpin County Courthouse in Central City.

Property tax notices from Gilpin County, or a property report from the Gilpin County Assessor's website can be acceptable proof of property ownership in the County. The name on the property notices must match the driver's license of the person presenting it. See below for how to print a property report.

Vehicle registration notices from Gilpin County, utility bills or mail with an in-county physical address are accepted if the name on the document matches the driver's license of the person presenting it.

Note: Property owners are eligible for free use of the Gilpin County Slash Site, and for resident rates at the trash transfer station, even if their primary residence is outside of Gilpin County.

To print a property report:

- Start at the Gilpin County website: gilpincounty.org
- In the County Departments, select Assessor/Property Records.
- Choose Property Record Database.
- Find your property either by Address or by Owner Name.
- Choose your property, and click on Print Property Report.
- Print the 1st page of the Property Report.
- If the Property Owner Address matches the address on the driver's license of the person delivering the load (in state OR out of state), this will be adequate proof of ownership.
